

NHS Calderdale Clinical Commissioning Group must

KEEP OUR

PUBLIC

Lobby the NHS Clinical Commissioning Executive Meeting

Thursday 17 January, 1.15pm
at F Mill, Dean Clough, Dean Clough Road / Lee
Bridge (next to the Travelodge, entrance via Gate 9)

The Government has given its new NHS Clinical Commissioning Groups enormous powers to privatise **our** NHS.

NHS Calderdale Clinical Commissioning Group is already inviting Private Healthcare providers to promote their services to the CCG Board.

In 2012, Virgin Healthcare took over part of the Dermatology service for a year in Calderdale.

The Government has ordered three services - Audiology and Hearing, Magnetic Resonance Imaging (MRI) and Non-Obstetric Ultrasound in Calderdale to be commissioned via the “Any Qualified Provider” initiative. This is another route to increased private provision of NHS Services. Psychological Therapies are already provided under this initiative.

We call on NHS Calderdale CCG to do its utmost to maintain a comprehensive, publicly run Health Service in Calderdale.
